

JUNE 28, 2019

# PROSPECTUS

NO LOAD SHARES (**INDEX**)  
**INDEX FUNDS S&P 500® EQUAL WEIGHT**

*As with all mutual funds, the U.S. Securities and Exchange Commission ("SEC") has not approved or disapproved these securities or passed upon the accuracy or adequacy of this Prospectus. Any representation to the contrary is a criminal offense.*

**SUPPLEMENT DATED APRIL 29, 2020 TO  
THE PROSPECTUS  
DATED JUNE 28, 2019, AS SUPPLEMENTED**

Effective immediately, the Prospectus for the Index Funds S&P 500<sup>®</sup> Equal Weight (the “Fund”) is amended as follows:

**The discussion of Market Risk in the section entitled “Principal Risk Factors” is replaced with the following:**

*Market Risk* – Overall market risk may affect the value of individual instruments in which the Fund invests. The Fund is subject to the risk that the securities markets will move down, sometimes rapidly and unpredictably, based on overall economic conditions and other factors, which may negatively affect the Fund’s performance. Factors such as domestic and foreign (non-U.S.) economic growth and market conditions, real or perceived adverse economic or political conditions, inflation, changes in interest rate levels, lack of liquidity in the markets, volatility in the securities markets, adverse investor sentiment and political events can affect the securities markets. Securities markets also may experience long periods of decline in value. When the value of the Fund’s investments goes down, your investment in the Fund decreases in value and you could lose money.

Equity securities generally have greater price volatility than fixed income securities, although under certain market conditions fixed income securities may have comparable or greater price volatility. During a general downturn in the securities markets, multiple asset classes may decline in value simultaneously. Adverse market conditions may be prolonged and may not have the same impact on all types of securities. Different sectors of the market and different security types may react differently to such developments. Changes in value may be temporary or may last for extended periods. The Fund may experience a substantial or complete loss on any individual security. Even when securities markets perform well, there is no assurance that the investments held by the Fund will increase in value along with the broader market. Market factors, such as the demand for particular portfolio securities, may cause the price of certain portfolio securities to fall while the prices of other securities rise or remain unchanged.

Local, state, regional, national or global events such as war, acts of terrorism, the spread of infectious illness or other public health issues, recessions, or other events could have a significant impact on the Fund and its investments and could result in decreases to the Fund’s net asset value. Political, geopolitical, natural and other events, including war, terrorism, trade disputes, government shutdowns, market closures, natural and environmental disasters, epidemics, pandemics and other public health crises and related events and governments’ reactions to such events have led, and in the future may lead, to economic uncertainty, decreased economic activity, increased market volatility and other disruptive effects on U.S. and global economies and markets. Such events may have significant adverse direct or indirect effects on the Fund and its investments. For example, a widespread health crisis such as a global pandemic could cause substantial market volatility, exchange trading suspensions and closures, and impact the ability to complete redemptions, all of which could affect Fund performance. A health crisis may exacerbate other pre-existing political, social and economic risks. In addition, the increasing interconnectedness of markets around the world may result in many markets being affected by events or conditions in a single country or region or events affecting a single or small number of issuers.

\* \* \*

On May 4, 2020, Ultimus Fund Solutions, LLC will begin serving as the administrator for the Fund and Ultimus Fund Distributors, LLC, an affiliate of Ultimus, will begin acting as the distributor of the Fund’s shares. Therefore, effective May 4, 2020, the Fund’s Prospectus is amended as follows:

**The section entitled “PURCHASE AND SALE OF FUND SHARES” is replaced with the following:**

**PURCHASE AND SALE OF FUND SHARES**

The Fund currently offers No Load Class shares. The minimum initial investment and minimum subsequent investment for No Load Class shares is \$1,000.

Purchases, exchanges and redemptions may be made on any day the New York Stock Exchange is open for trading through institutional channels, such as financial intermediaries and retirement platforms, or directly with the Fund through the Fund’s website at [www.INDEX.fund](http://www.INDEX.fund), by telephone at 1-844-464-6339 or by regular mail at Index Funds, c/o Ultimus Fund Solutions, P.O. Box 541150, Omaha, NE 68154.

If you buy the **INDEX FUNDS S&P 500® EQUAL WEIGHT (INDEX)** direct from Index Funds, no commissions or other forms of compensation will be paid to a broker. However, if you choose to buy **INDEX FUNDS S&P 500® EQUAL WEIGHT (INDEX)** through alternate platforms and/or broker-dealers, you may be required to pay commissions and/or other forms of compensation to a broker.

**The sub-section entitled “The Distributor and Administrator” in the section entitled “FUND MANAGEMENT” is replaced with the following:**

**The Distributor and the Administrator**

Ultimus Fund Distributors, LLC (“UFD”) serves as the distributor (the “Distributor”) of the Fund’s shares. UFD is located at 225 Pictoria Drive, Suite 450, Cincinnati, Ohio 45246.

Ultimus Fund Solutions, LLC (“UFS”), whose address is 225 Pictoria Drive, Suite 450, Cincinnati, Ohio 45246, serves as the administrator (the “Administrator”), fund accounting agent and transfer agent.

The SAI has more detailed information about the Adviser, Distributor, Administrator and other service providers.

**The sub-section entitled “Purchasing and Adding to Your Shares - Instructions for Opening or Adding to an Account – By Regular Mail or by Overnight Service” in the section entitled “SHAREHOLDER INFORMATION” is replaced with the following:**

*By Regular Mail or by Overnight Service:*

Initial Investment – if purchasing through your financial advisor or brokerage account, simply tell your advisor or broker that you wish to purchase shares of the Fund and he or she will take care of the necessary documentation. For all other purchases, follow the instructions below.

\* \* \*

1. Carefully read, complete, and sign the account application. Establishing your account privileges now, saves you the inconvenience of having to add them later.
2. Make your check payable to “Index Funds” and include the name of the Fund and class on the check.
3. Mail to: Index Funds, c/o Ultimus Fund Solutions, P.O. Box 541150, Omaha, NE 68154

Subsequent Investment:

1. Use the investment slip attached to your account statement.
2. Or, if unavailable, include the following information in writing:
  - a. Fund name
  - b. Share class
  - c. Amount invested
  - d. Account name
  - e. Account number

3. Mail to: Index Funds, c/o Ultimus Fund Solutions, P.O. Box 541150, Omaha, NE 68154.

The Fund does not consider the US Postal Service or other independent delivery services to be their agents. Therefore, deposit in the mail or with such services, or receipt at the Index Funds’ post office box, of purchase orders or redemption requests does not constitute receipt by the Fund.

**The sub-section entitled “Selling Your Shares – By Mail” in the section entitled “SHAREHOLDER INFORMATION” is replaced with the following:**

*By Mail*

You may redeem shares by mailing a written request to the Fund. You will receive a redemption amount based on the next calculated NAV after the Fund receives your written request in proper form.

Send requests by mail to:

U.S. Mail	Overnight Mail
Index Funds	Index Funds
c/o Ultimus Fund Solutions	c/o Ultimus Fund Solutions 4221 N 203 <sup>rd</sup>
P.O. Box 541150	St, Ste 100 Elkhorn, NE 68022
Omaha, NE 68154	

All requests must include:

- Fund Name, account number and account registration;
- Dollar or share amount requested; and
- Signatures of all shareholders exactly as registered.

Call the Fund or your investment professional if you need special instructions.

The Fund does not consider the US Postal Service or other independent delivery services to be their agents. Therefore, deposit in the mail or with such services, or receipt at the Index Funds’ post office box, of purchase orders or redemption requests does not constitute receipt by the Fund.

**PLEASE RETAIN THIS SUPPLEMENT FOR FUTURE REFERENCE**

**SUPPLEMENT DATED FEBRUARY 26, 2020 TO  
THE PROSPECTUS AND STATEMENT OF ADDITIONAL INFORMATION  
DATED JUNE 28, 2019**

Effective February 21, 2020, ONEFUND, LLC, investment adviser to the Index Funds S&P 500® Equal Weight, has changed its address to 737 Bishop Street, Mauka Tower, Suite 2850, Honolulu, HI 96813.

**SUPPLEMENT DATED JANUARY 17, 2020 TO  
THE PROSPECTUS  
DATED JUNE 28, 2019**

Effective immediately, the information below is added to the end, respectively, of the “Purchase and Sale of Fund Shares” section on page 7 and the “Purchasing and Adding to Your Shares” section on page 15 of the Prospectus:

“If you buy the INDEX FUNDS S&P 500® EQUAL WEIGHT (INDEX) direct from Index Funds, no commissions or other forms of compensation will be paid to a broker. However, if you choose to buy INDEX FUNDS S&P 500® EQUAL WEIGHT (INDEX) through alternate platforms and/or broker-dealers, you may be required to pay commissions and/or other forms of compensation to a broker.”

**SUPPLEMENT DATED SEPTEMBER 12, 2019 TO  
THE PROSPECTUS AND STATEMENT OF ADDITIONAL  
INFORMATION DATED JUNE 28, 2019**

Effective August 29, 2019, The Index Group, LLC, investment adviser to the Index Funds S&P 500® Equal Weight, has changed its name to ONEFUND, LLC. Accordingly, all references to The Index Group, LLC are now removed and replaced with ONEFUND, LLC.

**PLEASE RETAIN THIS SUPPLEMENT FOR FUTURE REFERENCE**

*Beginning on January 1, 2021, as permitted by regulations adopted by the U.S. Securities and Exchange Commission, paper copies of the Fund's annual and semi-annual shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports. Instead, the reports will be made available on the Fund's website at [www.INDEX.fund](http://www.INDEX.fund), and you will be notified by mail each time a report is posted and provided with a website link to access the report.*

*Beginning on January 1, 2019, you may, notwithstanding the availability of shareholder reports online, elect to receive all future shareholder reports in paper free of charge. If you invest through a financial intermediary, you can contact your financial intermediary to request that you continue to receive paper copies of your shareholder reports. If you invest directly with the Fund, you can call 1-844-464-6339 to let the Fund know you wish to continue receiving paper copies of your shareholder reports.*

*If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. You may elect to receive shareholder reports and other communications from the Fund electronically anytime by contacting your financial intermediary (such as a broker-dealer or bank) or, if you are a direct investor, by enrolling at [www.INDEX.fund](http://www.INDEX.fund).*

# INDEX FUNDS S&P 500® EQUAL WEIGHT

## INDEX FUNDS S&P 500® EQUAL WEIGHT

### INVESTMENT OBJECTIVE

The Index Funds S&P 500® Equal Weight (the “Fund”) seeks to replicate, before fees and expenses, the total return of the S&P 500® Equal Weight Index (the “Index”).

### FEES AND EXPENSES

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

	No Load Shares
<b>Shareholder Fees</b>	
<i>(fees paid directly from your investment)</i>	
Redemption Fee <i>(as a percentage of amount redeemed within 30 days of purchase)</i>	0.25%
Annual Account Maintenance Fee for Accounts under \$25,000	\$20.00
<b>Annual Fund Operating Expenses</b>	
<i>(expenses that you pay each year as a percentage of the value of your investment)</i>	
Management Fees	0.25%
Distribution (12b-1) Fees	0.00%
Other Expenses	1.09%
Total Annual Fund Operating Expenses	1.34%
Fee Waiver/Expense Reimbursement <sup>(1)(2)</sup>	-1.09%
Total Annual Fund Operating Expenses After Fee Waiver/Expense Reimbursement <sup>(2)</sup>	0.25%

<sup>(1)</sup> The Index Group, LLC (the “Adviser”) has agreed to waive and/or reimburse fees or expenses in order to limit Total Annual Fund Operating Expenses After Fee Waiver/Expense Reimbursement (excluding acquired fund fees and expenses, brokerage expenses, interest expenses, taxes and extraordinary expenses) to not more than 0.25% of the Fund’s average daily net assets for No Load Class shares. This agreement is in effect through July 31, 2020. This agreement may not be terminated or modified by the Adviser prior to this date except with the approval of the Fund’s Board of Trustees.

<sup>(2)</sup> Fee Waiver/Expense Reimbursement and total Annual Fund Operating Expenses After Fee Waiver/Expense Reimbursement have been restated to reflect the expense limit currently in place.

### Expense Example

This example helps you compare the costs of investing in the Fund with the cost of investing in other mutual funds. The example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same. The effects of any waivers or reimbursement agreements are reflected for the contractual periods of any such arrangements only.

	1 Year	3 Years	5 Years	10 Years
Although your actual costs may be higher or lower, based on these assumptions your cost would be:	\$26	\$317	\$629	\$1,516

### Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the example, affect the Fund’s performance. During the most recent fiscal year, the Fund’s portfolio turnover rate was 83% of the average value of its portfolio.

### PRINCIPAL INVESTMENT STRATEGIES

The Fund seeks to achieve its investment objective by investing in a portfolio of assets whose performance, before fees and expenses, is expected to match approximately the performance of the Index. The Fund expects that its portfolio will consist primarily of securities of issuers included in the Index. The Index is designed to measure the performance of 500 U.S. companies chosen for market size, liquidity and industry grouping, among other factors. In some instances, one or more of the 500 companies may have more than one share class included in the Index. Overall Fund positions will be typically assessed and if necessary rebalanced quarterly and other intervals as the Adviser deems appropriate, bearing in mind that the Index is also typically rebalanced quarterly, in order to seek to achieve the Fund’s investment objective.

An equal-weight index (such as the Index) differs from a market-cap index (such as the S&P 500 Index) in that an equal weight index will typically contain all of the 500 companies in the index approximately equally, while the weight of each company’s stock in a market-cap index is typically proportionate to the company’s market capitalization. As a result, companies with the largest market capitalizations will tend to have the highest weights within a market-cap index. In contrast, every company within an equal weight index should have approximately the same weight, regardless of the relative market capitalizations of the companies. Due to this difference in how the two types of indices are constructed, an equal-weight index may have different degrees of industry sector exposures than the corresponding market-cap index. In addition, companies with smaller market capitalizations may have a greater positive or negative impact on the overall performance within an equal-weight index relative to the same company within a market-cap index containing the same companies.

As of May 31, 2019, the minimum threshold for adding companies to the Index was a market capitalization of \$8.2 billion or higher, and the average market capitalization of the 500 companies was \$47.6 billion. The Fund may change its target index if Fund management believes a different index would better enable

the Fund to match the performance of the market segment represented by the Index.

The Fund will invest, under normal circumstances, at least 80% of its net assets and borrowings for investment purposes in securities of issuers included in the Index. Under normal circumstances, the Adviser expects the Fund to invest the remaining portion of its portfolio, which may be up to 20% of the Fund's net assets and borrowings, in: (i) securities that have economic characteristics similar to securities of the companies within the Index, or are intended to track the performance of the Index as a whole (which may include securities of other investment companies, such as exchange-traded funds), or (ii) cash, cash equivalents and U.S. Government securities. In certain situations where, for example, the Fund's access to certain issuers is, in the Adviser's view, limited, the Fund may not hold securities of all of the companies within the Index. The Fund may sell securities that are represented in the Index in anticipation of their removal from the Index, or buy securities that are not yet represented in the Index in anticipation of their addition to the Index.

The Fund's investments in securities of other investment companies, such as certain exchange-traded funds, are subject to certain risks, described in greater detail below.

#### **PRINCIPAL RISKS**

The following is a description of principal risks of investing in the Fund which could affect the net asset value and total return of the Fund. There are other circumstances (including additional risks not described here) which could prevent the Fund from achieving its investment objective.

**Market Risk** – The market price of securities owned by the Fund may go up or down, sometimes rapidly or unpredictably. Securities may decline in value due to factors affecting securities markets generally or particular industries represented in the securities markets. The value of a security may decline due to general market conditions which are not specifically related to a particular company, such as real or perceived adverse economic conditions, changes in the general outlook for corporate earnings, changes in interest or currency rates or adverse investor sentiment generally. They may also decline due to factors which affect a particular industry or industries, such as labor shortages or increased production costs and competitive conditions within an industry. During a general downturn in the securities markets, multiple asset classes may decline in value simultaneously. Equity securities generally have greater price volatility than fixed income securities.

**Management Risk** – The investment techniques and risk analysis used by the Fund's Adviser may not produce the intended results and could adversely impact the performance of the Fund.

**Correlation and Tracking Error Risk** – Various factors may impede the Fund's ability to track the Index or achieve a high degree of correlation with the Index. For example, the Fund has operating and other expenses, while the Index does not. As a result, the Fund may underperform the Index to some degree over time.

Changes in securities markets, changes in the composition of the Index, timing of purchases and sales of securities underlying the Index, timing of purchases and sales of Fund shares, rounding of share prices, regulatory developments, and portfolio turnover may all contribute to tracking error and/or affect the correlation between the Fund and the Index. There can be no guarantee that the Fund will achieve a high degree of correlation. Failure to achieve a high degree of correlation may prevent the Fund from achieving its investment objective.

**Passive Investment Strategy Risk** – The Fund utilizes a passive investment strategy, which attempts to track the performance of an unmanaged index of securities. The ability of the Fund to achieve significant correlation between the performance of the Fund and the Index may be affected by changes in the securities markets, changes in the composition of the Index, the timing of purchases and redemptions of Fund shares and fees and expenses of the Fund.

**Equity Risk** – The values of equity securities may decline due to general market conditions which are not specifically related to a particular company, such as real or perceived adverse economic conditions, changes in the general outlook for corporate earnings, changes in interest or currency rates or adverse investor sentiment generally. They may also decline due to factors which affect a particular industry or industries, such as labor shortages or increased production costs and competitive conditions within an industry. Equity securities generally have greater price volatility than fixed income securities.

**Investment in Investment Companies Risk** – Investing in other investment companies, including money market funds and exchange-traded funds, subjects the Fund to fees and expenses of, as well as those risks affecting, the investment company, including the possibility that the value of the underlying securities held by the investment company could decrease.

**Trading Halt Risk** – An exchange or market may issue trading halts on specific securities or instruments, or may close early or late, which will affect the ability of the Fund to buy or sell certain securities. In such circumstances, the Fund may be unable to rebalance its portfolio, may be unable to accurately price its investments or may incur substantial trading losses.

All investments carry some degree of risk that will affect the value of the Fund, its investment performance and the price of its shares. As a result, you may lose money if you invest in the Fund.

The shares offered by this Prospectus are not deposits or obligations of any bank, are not endorsed or guaranteed by any bank and are not insured or guaranteed by the U.S. government, the Federal Deposit Insurance Corporation, the Federal Reserve Board or any other government agency.

#### **PERFORMANCE INFORMATION**

The bar chart and performance table below provide an indication of the risks of investing in the Fund by showing the annual total returns, highest and lowest quarterly returns and the average

# INDEX FUNDS S&P 500® EQUAL WEIGHT

annual total returns (before and after taxes) in comparison to the performance of the S&P 500® Equal Weight Total Return. A fund's past performance is not necessarily an indication of how it will perform in the future. Updated performance information is available on the Fund's website at [www.INDEX.fund](http://www.INDEX.fund) or by calling 1-844-464-6339.

Calendar Year Return – No Load Class Shares as of December 31

During the period shown on the bar chart, the Fund's highest total return for a quarter was 6.26% (quarter ended September 30, 2017) and the lowest total return for a quarter was -13.92% (quarter ended September 30, 2018). As of March 31, 2019, the calendar year-to-date return for the quarter was 14.87%.

After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor's tax situation and may differ from those shown. The after-tax returns shown are not relevant to investors who hold their shares through tax-deferred arrangements such as 401(k) plans or Individual Retirement Accounts (IRAs).

Index Funds S&P 500® Equal Weight Average Annual Total Returns (for the periods ended December 31, 2018)	One Year	Five Years	Ten Years	Life of Fund <sup>(1)</sup>
Return Before Taxes	-7.82%	—	—	5.21%
Return After Taxes on Distributions	-8.64%	—	—	4.25%
Return After Taxes on Distributions and Sale of Fund Shares	-4.33%	—	—	3.73%
Index - S&P 500® Equal Weight (reflects no deduction for fees, expenses, or taxes)	-7.64%	—	—	5.24%

<sup>(1)</sup> The Fund's commencement of operations was May 1, 2015.

The S&P 500® Equal Weight Total Return Index is maintained in accordance with the index methodology of the S&P 500. It measures the performance of the same 500 companies as the S&P 500, but applies an equal weight to those companies, which results in sector exposures that differ from those of the S&P 500. A direct investment in an index is not possible.

## INVESTMENT ADVISER

The Index Group, LLC serves as the investment adviser to the Fund.

## PORTFOLIO MANAGER

Michael G. Willis, lead portfolio manager of the Adviser, has managed the Fund since its inception in April 2015.

## PURCHASE AND SALE OF FUND SHARES

The Fund currently offers No Load Class shares. The minimum initial investment and minimum subsequent investment for No Load Class shares is \$1,000.

Purchases, exchanges and redemptions may be made on any day the New York Stock Exchange is open for trading through institutional channels, such as financial intermediaries and retirement platforms, or directly with the Fund through the Fund's website at [www.INDEX.fund](http://www.INDEX.fund), by telephone at 1-844-464-6339 or by regular mail at Index Funds, P.O. Box 1920, Denver, CO 80201.

## TAX INFORMATION

For U.S. federal income tax purposes, the Fund's distributions are taxable and will be taxed as ordinary income or capital gains, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or an individual retirement account. Such tax-deferred arrangements may be taxed later upon withdrawal of monies from those arrangements.

---

**PAYMENTS TO BROKER-DEALERS AND OTHER  
FINANCIAL INTERMEDIARIES**

If you purchase the Fund through a broker-dealer or other financial intermediary (such as a bank), the Adviser or its affiliates may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

# INDEX FUNDS S&P 500® EQUAL WEIGHT

## INDEX FUNDS S&P 500® EQUAL WEIGHT

*This section describes the Fund's investment objective and principal investment strategies. See "More on the Fund's Investments and Related Risks" in this Prospectus and the Statement of Additional Information for more information about the Fund's investments and the risks of investing.*

### Investment Objective

The Index Funds S&P 500® Equal Weight (the "Fund") seeks to replicate, before fees and expenses, the total return of the S&P 500® Equal Weight Index (the "Index").

While there is no assurance that the Fund will achieve its investment objective, it endeavors to do so by following the strategies and policies described in this Prospectus.

The Fund's Board of Trustees (the "Board") may change the Fund's investment objective or the Fund's principal investment strategies without a shareholder vote. The Fund will notify you in writing at least sixty (60) days before making any such change. If there is a material change to the Fund's investment objective or principal investment strategies, you should consider whether the Fund remains an appropriate investment for you.

### Principal Investment Strategies

The Fund seeks to achieve its investment objective by investing in a portfolio of assets whose performance, before fees and expenses, is expected to match approximately the performance of the Index. The Fund expects that its portfolio will consist primarily of securities of issuers included in the Index. The Index is designed to measure the performance of 500 U.S. companies chosen for market size, liquidity and industry grouping, among other factors. In some instances, one or more of the 500 companies may have more than one share class included in the Index. Overall Fund positions will be typically assessed and if necessary rebalanced quarterly and other intervals as the Adviser deems appropriate, bearing in mind that the Index is also typically rebalanced quarterly, in order to seek to achieve the Fund's investment objective.

An equal-weight index (such as the Index) differs from a market-cap index (such as the S&P 500 Index) in that an equal weight index will typically contain all of the 500 companies in the index approximately equally, while the weight of each company's stock in a market-cap index is typically proportionate to the company's market capitalization. As a result, companies with the largest market capitalizations will tend to have the highest weights within a market-cap index. In contrast, every company within an equal weight index should have approximately the same weight, regardless of the relative market capitalizations of the companies. Due to this difference in how the two types of indices are constructed, an equal-weight index may have different degrees of industry sector exposures than the corresponding market-cap index. In addition, companies with smaller market capitalizations may have a greater positive or negative impact on the overall performance within an equal-weight index relative to the same company within a market-cap index containing the same companies.

As of May 31, 2019, the minimum threshold for adding companies to the Index was a market capitalization of \$8.2 billion or higher, and the average market capitalization of the 500 companies was \$47.6 billion. The Fund may change its target index if Fund management believes a different index would better enable the Fund to match the performance of the market segment represented by the Index.

The Fund will invest, under normal circumstances, at least 80% of its net assets and borrowings for investment purposes in securities of issuers included in the Index. Under normal circumstances, the Adviser expects the Fund to invest the remaining portion of its portfolio, which may be up to 20% of the Fund's net assets and borrowings, in: (i) securities that have economic characteristics similar to securities of the companies within the Index, or are intended to track the performance of the Index as a whole (which may include securities of other investment companies, such as exchange-traded funds), or (ii) cash, cash equivalents and U.S. Government securities. In certain situations where, for example, the Fund's access to certain issuers is, in the Adviser's view, limited, the Fund may not hold securities of all of the companies within the Index. The Fund may sell securities that are represented in the Index in anticipation of their removal from the Index, or buy securities that are not yet represented in the Index in anticipation of their addition to the Index.

The Fund's investments in securities of other investment companies, such as certain exchange-traded funds, are subject to certain risks, described in greater detail below.

### Description of Principal Security Types

#### Equity Securities

Equity securities represent an ownership interest, or the right to acquire an ownership interest, in an issuer. Different types of equity securities provide different voting and dividend rights and priority in the event of the bankruptcy of the issuer. Equity securities include common stocks, preferred stocks, convertible securities, and warrants.

### Principal Risk Factors

An investment in the Fund is subject to investment risks, including the possible loss of the principal amount invested. The Fund's performance per share will change daily based on many factors, including fluctuation in interest rates, the quality of the instruments in the Fund's investment portfolio, national and international economic conditions and general market conditions. You may lose money on your investment in the Fund or the Fund could underperform other investment companies.

The following factors can significantly affect the Fund's performance.

**Market Risk** – The market price of securities owned by the Fund may go up or down, sometimes rapidly or unpredictably. Securities may decline in value due to factors affecting securities markets generally or particular industries represented in the securities markets. The value of a security may decline due to general market conditions which are not specifically related to a

particular company, such as real or perceived adverse economic conditions, changes in the general outlook for corporate earnings, changes in interest or currency rates or adverse investor sentiment generally. They may also decline due to factors which affect a particular industry or industries, such as labor shortages or increased production costs and competitive conditions within an industry. During a general downturn in the securities markets, multiple asset classes may decline in value simultaneously. Equity securities generally have greater price volatility than fixed income securities.

**Management Risk** – The investment techniques and risk analysis used by the Fund’s Adviser may not produce the intended results and could adversely impact the performance of the Fund.

**Correlation and Tracking Error Risk** – Various factors may impede the Fund’s ability to track the Index or achieve a high degree of correlation with the Index. For example, the Fund has operating and other expenses, while the Index does not. As a result, the Fund may underperform the Index to some degree over time. Changes in securities markets, changes in the composition of the Index, timing of purchases and sales of securities underlying the Index, timing of purchases and sales of Fund shares, rounding of share prices, regulatory developments, and portfolio turnover may all contribute to tracking error and/or affect the correlation between the Fund and the Index. There can be no guarantee that the Fund will achieve a high degree of correlation. Failure to achieve a high degree of correlation may prevent the Fund from achieving its investment objective.

**Passive Investment Strategy Risk** – The Fund utilizes a passive investment strategy, which attempts to track the performance of an unmanaged index of securities. The ability of the Fund to achieve significant correlation between the performance of the Fund and the Index may be affected by changes in the securities markets, changes in the composition of the Index, the timing of purchases and redemptions of Fund shares and fees and expenses of the Fund.

**Equity Risk** – The values of equity securities may decline due to general market conditions which are not specifically related to a particular company, such as real or perceived adverse economic conditions, changes in the general outlook for corporate earnings, changes in interest or currency rates or adverse investor sentiment generally. They may also decline due to factors which affect a particular industry or industries, such as labor shortages or increased production costs and competitive conditions within an industry. Equity securities generally have greater price volatility than fixed income securities.

**Investment in Investment Companies Risk** – Investing in other investment companies, including money market funds and exchange-traded funds, subjects the Fund to fees and expenses of, as well as those risks affecting, the investment company, including the possibility that the value of the underlying securities held by the investment company could decrease.

**Trading Halt Risk** – An exchange or market may issue trading halts on specific securities or instruments, or may close early or late, which will affect the ability of the Fund to buy or sell certain securities. In such circumstances, the Fund may be unable to rebalance its portfolio, may be unable to accurately price its investments or may incur substantial trading losses.

#### **Non-Principal Risks of Investing in the Fund**

In addition to those described in its statement of additional information, the Fund may also be subject to certain other non-principal risks associated with its investments and investment strategies, including the following factors:

**Concentration Risk** – The Fund has a fundamental policy not to invest more than 25% of the current value of the Fund’s total assets in any one industry, except that this policy does not apply to: (i) investments in securities of other investment companies, (ii) investments in securities issued or guaranteed by the U.S. government, its agencies or instrumentalities, or (iii) investments in repurchase agreements collateralized by U.S. government securities. However, the Fund reserves the right to concentrate its investments (i.e., invest 25% or more of its total assets in securities of issuers in a particular industry) to approximately the same extent that the Index concentrates in a particular industry. To the extent the Fund concentrates in a particular industry, it may be more susceptible to economic conditions and risks affecting that industry.

**Expense Risk** – Fund expenses are subject to a variety of factors, including fluctuations in the Fund’s net assets. Accordingly, actual expenses may be greater or less than those indicated. For example, to the extent that the Fund’s net assets decrease due to market declines or redemptions, the Fund’s expenses will increase as a percentage of Fund net assets. During periods of high market volatility, these increases in the Fund’s expense ratio could be significant.

**Temporary Defensive Positions and Cash Positions** – The Fund may take temporary defensive positions in short-term debt securities, cash and cash equivalents in response to adverse market, economic or political conditions. The Fund may also depart from its principal investment strategies when the portfolio managers believe that market conditions are unfavorable for profitable investing, or when they are otherwise unable to locate attractive investment opportunities. In other words, cash or similar investments generally are a residual – they represent the assets that remain after the Fund has committed available assets to desirable investment opportunities. Under such circumstances, the Fund may not achieve its investment objective, and it may not participate in market advances or declines to the same extent that it would if the Fund remained more fully invested.

**Cybersecurity Risk** – In connection with the increased use of technologies such as the Internet and the dependence on computer systems to perform necessary business functions, the Fund may be susceptible to operational, information security and related risks due to the possibility of cyber-attacks or other incidents. Cyber incidents may result from deliberate attacks or

# INDEX FUNDS S&P 500® EQUAL WEIGHT

unintentional events. Cyber-attacks include, but are not limited to, infection by computer viruses or other malicious software code, gaining unauthorized access to systems, networks or devices that are used to service the Fund's operations through hacking or other means for the purpose of misappropriating assets or sensitive information, corrupting data or causing operational disruption. Cyber-attacks may also be carried out in a manner that does not require gaining unauthorized access, such as causing denial-of-service attacks (which can make a website unavailable) on the Fund's website. In addition, authorized persons could inadvertently or intentionally release confidential or proprietary information stored on the Fund's systems.

## **Additional Information Concerning the Fund's Investment Strategies**

### *Investment Limitations*

Except with respect to the illiquid investment restrictions set forth in the Statement of Additional Information (the "SAI"), limitations on Fund investments listed in this Prospectus will typically apply at the time of investment. The Fund would not violate these limitations unless an excess or deficiency occurs or exists immediately after and as a result of an investment. Unless otherwise indicated, references to assets in the percentage limitations on the Fund's investments refer to total assets.

### *Portfolio Turnover*

The Fund generally intends to purchase securities as long-term investments; however, short-term trading may occur. This means that the Fund may buy a security and sell that security a short period of time after its purchase, and realize gains or losses, if the portfolio manager believes that the sale is in the best interest of the Fund. This activity will increase the Fund's portfolio turnover rate and generate higher transaction costs due to commissions and other expenses which could reduce the Fund's investment performance. In addition, short-term trading may increase the amount of taxable distributions to shareholders which would reduce the after-tax returns of the Fund, and in particular may generate short-term capital gains that when distributed to shareholders are taxed at ordinary U.S. federal income tax rates.

## **Portfolio Holdings**

### *Portfolio Holdings*

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio securities is available in the SAI and on the Fund's website at [www.INDEX.fund](http://www.INDEX.fund). To request a copy of the SAI, please refer to the back cover of this prospectus.

## **FUND MANAGEMENT**

### **The Investment Adviser**

The Index Group, LLC, located at 1155 Kelly Johnson Blvd., Suite 111, Colorado Springs, Colorado 80920, is the Investment Adviser for the Fund (the "Adviser"). The Adviser may provide investment advisory services for individuals, trusts, estates and institutions. The Adviser commenced operations in 2004, and is registered as an investment adviser with the Securities and Exchange Commission.

The Adviser makes the day-to-day investment decisions and continuously reviews and administers the Fund's investment program. For the investment advisory services provided by the Adviser, the Adviser is entitled to receive advisory fees from the Fund at the annual rate of 0.25% of the Fund's daily net assets pursuant to an advisory agreement between the Fund and the Adviser (the "Advisory Agreement"). The initial term of the Advisory Agreement was two years, and the Board may thereafter extend the Advisor Agreement for additional one-year terms. The Advisory Agreement may be terminated immediately by vote of the shareholders of the Fund, or upon 60 days' notice by the board or the Adviser. A discussion regarding the basis for the Board's most recent renewal of the Advisory Agreement will be provided in the Fund's Semi-Annual report to shareholders for the period ended September 30, 2019.

The Adviser has agreed to waive and/or reimburse fees or expenses in order to limit Total Annual Fund Operating Expenses After Fee Waiver/Expense Reimbursement (excluding acquired fund fees and expenses, brokerage expenses, interest expenses, taxes and extraordinary expenses) to 0.25% of the Fund's average daily net assets for No Load class Shares. This agreement is in effect through July 31, 2020. This agreement may not be terminated or modified by the Adviser prior to this date except with the approval of the Board. During the fiscal year ended March 31, 2019, the Adviser waived its entire advisory fee. As a consequence the aggregate fee paid to the Adviser for the most recent fiscal year, net of waivers/reimbursements and expressed as a percentage of average net assets, was 0%.

## **Portfolio Manager**

**Michael G. Willis** is president and lead portfolio manager of The Index Group, LLC, Adviser to the Fund. As lead portfolio manager, Mr. Willis is primarily responsible for the day-to-day management of the Fund's operations.

Mr. Willis has served as a portfolio manager for The Index Group, LLC since 2004. Mr. Willis has also served as President of Index Funds since 2006.

Additional information about the portfolio manager's compensation, other accounts managed by the portfolio manager and the portfolio manager's ownership of securities in the Fund is included in the SAI.

## **The Index**

The S&P 500® Equal Weight Index (the "Index") is a product of S&P Dow Jones Indices LLC ("SPDJI"), and has been licensed for use by The Index Group, LLC S&P® is a registered trademark of S&P Global ("S&P"); Dow Jones® is a registered trademark of Dow Jones Trademark Holdings LLC ("Dow Jones"); Standard & Poor's® and S&P® are trademarks of the Standard & Poor's Financial Services LLC ("S&P"); and these trademarks have been licensed for use by SPDJI and sublicensed for certain purposes by The Index Group, LLC The Index Funds S&P 500® Equal Weight is not sponsored, endorsed, sold or promoted by SPDJI, Dow Jones, S&P, any of their respective affiliates (collectively, "S&P Dow Jones Indices"). S&P Dow Jones Indices makes no representation

or warranty, express or implied, to the owners of the Index Funds S&P 500® Equal Weight or any member of the public regarding the advisability of investing in securities generally or in Index Funds S&P 500® Equal Weight particularly or the ability of the S&P 500® Equal Weight Index to track general market performance. S&P Dow Jones Indices' only relationship to The Index Group, LLC with respect to the S&P 500® Equal Weight Index is the licensing of the Index and certain trademarks, service marks and/or trade names of S&P Dow Jones Indices and/or its licensors. The S&P 500® Equal Weight Index is determined, composed and calculated by S&P Dow Jones Indices without regard to The Index Group, LLC or the Index Funds S&P 500® Equal Weight. S&P Dow Jones Indices have no obligation to take the needs of The Index Group, LLC or the owners of the Index Funds S&P 500® Equal Weight into consideration in determining, composing or calculating the S&P 500® Equal Weight Index. S&P Dow Jones Indices are not responsible for and have not participated in the determination of the prices, and amount of the Index Funds S&P 500® Equal Weight or the timing of the issuance or sale of the Index Funds S&P 500® Equal Weight or in the determination or calculation of the equation by which the Index Funds S&P 500® Equal Weight is to be converted into cash, surrendered or redeemed, as the case may be. S&P Dow Jones Indices have no obligation or liability in connection with the administration, marketing or trading of the Index Funds S&P 500® Equal Weight. There is no assurance that investment products based on the S&P 500® Equal Weight Index will accurately track index performance or provide positive investment returns. S&P Dow Jones Indices LLC is not an investment advisor. Inclusion of a security within an index is not a recommendation by S&P Dow Jones Indices to buy, sell, or hold such security, nor is it considered to be investment advice.

WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT WHATSOEVER SHALL S&P DOW JONES INDICES BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES INCLUDING BUT NOT LIMITED TO, LOSS OF PROFITS, TRADING LOSSES, LOST TIME OR GOODWILL, EVEN IF THEY HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, WHETHER IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE. THERE ARE NO THIRD PARTY BENEFICIARIES OF ANY AGREEMENTS OR ARRANGEMENTS BETWEEN S&P DOW JONES INDICES AND THE INDEX GROUP, LLC, OTHER THAN THE LICENSORS OF S&P DOW JONES INDICES.

## **The Distributor and Administrator**

ALPS Distributors, Inc. ("ADI") serves as the distributor (the "Distributor") of the Fund's shares. ADI is located at 1290 Broadway, Suite 1100, Denver, Colorado 80203.

ALPS Fund Services, Inc. ("AFS"), whose address is 1290 Broadway, Suite 1100, Denver, Colorado 80203, serves as the administrator (the "Administrator"), fund accounting and transfer agent.

The SAI has more detailed information about the Adviser, Distributor, Administrator and other service providers.

## **SHAREHOLDER INFORMATION**

### **Pricing of Fund Shares**

The Board has approved certain pricing and valuation guidelines to be used in determining the Fund's net asset value per share (NAV). The NAV is generally determined once each day at the close of regular trading on the New York Stock Exchange (NYSE), normally at 4 p.m. Eastern Time on days the NYSE is open.

The NYSE is open every weekday except for the days on which national holidays are observed and certain business holidays, such as Good Friday. The value of securities traded in markets outside the United States or denominated in currencies other than the U.S. dollar may be affected significantly on a day that the NYSE is closed and an investor is not able to purchase, redeem or exchange shares.

Your order for the purchase or sale of shares is priced at the next NAV calculated after your order is received by the Fund.

### *Fair Value Pricing Policies*

Pursuant to its policies and procedures, the Fund will fair value price its securities when market quotations are not readily available. Generally, this would include securities for which trading has been halted, securities whose value has been materially affected by the occurrence of a significant event (as defined below), securities whose price has become stale (i.e., the market price has remained unchanged for five business days), and other securities where a market price is not available from either a national pricing service or a broker. In addition, the Fund's Valuation Committee will review exception priced securities (i.e., securities for which the market value is provided by a quote from a single broker rather than a national pricing service) on a quarterly basis. In these situations, the Pricing Committee will employ certain Board-approved methodologies to determine a fair value for the securities. Fair valuations will be reviewed by the Board of Trustees on a quarterly basis. Fair value pricing should result in a more accurate determination of the Fund's net asset value price, which should eliminate the potential for stale pricing arbitrage opportunities in the Fund. However, fair value pricing involves the risk that the values used by the Fund to price its investments may be different from those used by other investment companies and investors to price the same investments.

# INDEX FUNDS S&P 500® EQUAL WEIGHT

## How NAV is Calculated

The NAV for the Fund's No Load Shares is calculated by dividing the total value of the Fund's investments attributable to the No Load Share class less any liabilities attributable to the No Load Share class, by the total number of outstanding shares of that class:

$$\text{NAV} = \frac{\text{Total Assets} - \text{Liabilities}}{\text{Number of Shares Outstanding}}$$

The value of assets in the Fund's portfolio is determined on the basis of their market value, or where market quotations are not readily available or are deemed unreliable due to a significant event or otherwise, based on fair value as determined in good faith in accordance with the procedures established by, and under the general supervision of, the Fund's Board of Trustees. The Fund may invest in securities that are primarily listed on foreign exchanges that trade on weekends or other days when the Fund does not price its shares. The value of portfolio securities held by the Fund may change on days when shareholders will not be able to purchase or redeem shares.

## Purchasing and Adding to Your Shares

### *Purchasing and Adding to Your Shares*

You may purchase shares of the Fund through the Distributor or through banks, brokers and other investment representatives, which may charge additional fees and may require higher minimum investments or impose other limitations on buying and selling shares. If you purchase shares through an investment representative, that party is responsible for transmitting orders by close of business and may have an earlier cut-off time for purchase and sale requests. Consult your investment representative or institution for specific information.

Orders received by an investment representative that has been authorized to accept orders on the Fund's behalf prior to the time the Fund determines its NAV will be deemed accepted by the Fund the same day and will be executed at that day's closing share price. Each investment representative's agreement with the Fund permits the investment representative to transmit orders to the Fund that reflect orders received by the investment representative prior to the Fund's NAV calculation time, and to transmit those orders after that time and have those orders executed at the closing share price determined on the day the order was received by the investment representative.

All purchases must be in U.S. dollars. The Fund will accept purchases only in US dollars drawn from US financial institutions. Cashier's checks, third party checks, money orders, credit card convenience checks, cash or equivalents or payments in foreign currencies are not acceptable forms of payment.

There is an annual pass through IRA and Coverdell Education Savings Account maintenance fee of \$10.00 that is charged by the IRA custodian on a per-account basis.

With certain limited exceptions, the Fund is available only to U.S. citizens or residents.

Minimum Initial Investment	Minimum Subsequent Investment
\$ 1000	\$ 1000

The Fund may waive its minimum purchase requirement and the Distributor may reject a purchase order if it considers it in the best interest of the Fund and its shareholders.

## Instructions for Opening or Adding to an Account

### *By Regular Mail or By Overnight Service:*

Initial Investment – if purchasing through your financial advisor or brokerage account, simply tell your advisor or broker that you wish to purchase shares of the Fund and he or she will take care of the necessary documentation. For all other purchases, follow the instructions below.

1. Carefully read, complete, and sign the account application. Establishing your account privileges now, saves you the inconvenience of having to add them later.
2. Make your check payable to "Index Funds" and include the name of the Fund and class on the check.
3. Mail to: Index Funds, P.O. Box 1920, Denver, CO 80201. Overnight mail: Index Funds, 1290 Broadway, Suite 1100, Denver, CO 80203.

### Subsequent Investment:

1. Use the investment slip attached to your account statement.
2. Or, if unavailable, include the following information in writing:
  - a. Fund name
  - b. Share class
  - c. Amount invested
  - d. Account name
  - e. Account number
3. Mail to: Index Funds, P.O. Box 1920, Denver, CO 80201.

The Fund does not consider the US Postal Service or other independent delivery services to be their agents. Therefore, deposit in the mail or with such services, or receipt at the Index Funds' post office box, of purchase orders or redemption requests does not constitute receipt by the Fund.

### *By Automated Clearing House (ACH)*

Shares may be purchased through a depository institution that is an Automated Clearing House (ACH) member. This purchased option can be established by completing the appropriate sections of the Account Application or Account Options Form. *Your bank or broker may charge for this service.*

### *Wire Transfer*

To purchase shares by wire transfer, please call 1-844-464-6339 for wiring instructions and to obtain an account number prior to wiring the funds.

#### *ACH vs. Wire Transfer*

Wire transfers allow financial institutions to send funds to each other, almost instantaneously. With an electronic purchase or sale, the transaction is made through the Automated Clearing House (ACH) and may take up to three days to clear. There is generally no fee for ACH transactions.\*

#### *Automatic Investment Plan*

The Fund offers an Automatic Investment Plan for current and prospective investors in which you may make monthly investments in the Fund. The minimum initial investment amount is \$1,000 and the minimum subsequent investments are \$100 for the Automatic Investment Plans only. Sums for investment will be automatically withdrawn from your checking or savings account on the day you specify. If you do not specify a day, the transaction will occur on the 15th of each month or the next business day if the 15th is not a business day. Please call 1-844-464-6339 if you would like more information.

#### *Via Internet*

You may open an account with the Fund via the Internet by completing the online application located at [www.INDEX.fund](http://www.INDEX.fund). Once your account is established, you can also make subsequent purchases through the Internet. To do so, you must be an existing shareholder of the Fund and your Fund account must be linked to your bank account in order to process the ACH transfer. You can establish a user ID and password to access your account at [www.INDEX.fund](http://www.INDEX.fund) by selecting 'Account Login'. Your user ID and password may allow you to receive your Fund statements or regulatory documents electronically if you have opted for electronic delivery of such documents. If you have questions or problems accessing your account, contact the Fund at 1-844-464-6339.

#### *Directed Dividend Option*

By selecting the appropriate box in the Account Application, you can elect to receive your distributions in cash (check) or have distributions (capital gains and dividends) reinvested in the Fund. The Fund may modify or terminate this reinvestment option without notice. You can change or terminate your participation in the reinvestment option at any time by calling 1-844-464-6339.

Distribution checks will only be issued for payments greater than \$25.00. Distributions will automatically be reinvested in shares of the fund(s) generating the distribution if under \$25.00. Un-cashed distribution checks will be canceled and proceeds reinvested at the then current net asset value, for any shareholder who chooses to receive distributions in cash, if distribution checks: (1) are returned and marked as "undeliverable" or (2) remain un-cashed for six months after the date of issuance. If distribution checks are canceled and reinvested, your account election may also be changed so that all future distributions are reinvested rather than paid in cash. Interest will not accrue on uncashed distribution checks.

#### *Customer Identification Information*

To help the U.S. Government fight the funding of terrorism and money laundering activities, federal law requires all financial

institutions to obtain, verify and record information that identifies each person that opens a new account, and to determine whether such person's name appears on U.S. Government lists of known or suspected terrorists and terrorist organizations.

As a result, the Fund must obtain the following information for each person that opens a new account:

- Name;
- Date of birth (for individuals);
- Residential or business street address (although post office boxes are still permitted for mailing); and
- Social security number, taxpayer identification number, or other identifying number.

You may also be asked for a copy of your driver's license, passport or other identifying document in order to verify your identity. In addition, it may be necessary to verify your identity by cross-referencing your identification information with a consumer report or other electronic database. Additional information may be required to open accounts for corporations and other entities.

Federal law prohibits the Fund and other financial institutions from opening a new account unless they receive the minimum identifying information listed above. After an account is opened, the Fund may restrict your ability to purchase additional shares until your identity is verified. The Fund may close your account or take other appropriate action if they are unable to verify your identity within a reasonable time. If your account is closed for this reason, your shares will be redeemed at the NAV next calculated after the account is closed.

Effective May 11, 2018, if you are opening an account in the name of a legal entity (e.g., a partnership, business trust, limited liability company, corporation, etc.), you may be required to supply the identity of the beneficial owner or controlling person(s) of the legal entity prior to the opening of your account. The Fund may request additional information about you (which may include certain documents, such as articles of incorporation for companies) to help the Transfer Agent verify your identity.

#### *Anti-Money Laundering Program*

Customer identification and verification is part of the Fund's overall obligation to deter money laundering under federal law. The Fund has adopted an anti-money laundering compliance program designed to prevent the Fund from being used for money laundering or the financing of terrorist activities. In this regard, the Fund reserves the right to (i) refuse, cancel or rescind any purchase or exchange order, (ii) freeze any account and/or suspend account services, or (iii) involuntarily redeem your account in cases of threatening conduct or suspected fraudulent or illegal activity. These actions will be taken when, in the sole discretion of Fund management, they are deemed to be in the best interest of the Fund or in cases when the Fund is requested or compelled to do so by governmental or law enforcement authority.

# INDEX FUNDS S&P 500® EQUAL WEIGHT

## *Market Timing*

In accordance with policies and procedures adopted by the Board of Trustees, the Fund discourages market timing and other excessive trading practices. The Fund is intended primarily for use as long-term investment vehicles. Excessive and frequent short-term (market timing) trading practices may disrupt portfolio management strategies, increase brokerage and administrative costs, harm Fund performance and result in dilution in the value of Fund shares held by longer-term shareholders. Such excessive trading practices may be determined at management's discretion.

To deter market timing, Shareholders who purchase and redeem shares within a 30-day period will be charged a 0.25% fee at redemption. The Fund and the Adviser also reserve the right, but do not have the obligation, to reject or restrict purchase or exchange requests from any investor engaging in excessive trading activity. The Fund defines excessive trading as a purchase and redemption of the same Fund within a 30-day period. Purchase and redemption activity which involves the reinvestment of dividends and capital gains, automatic deposit and withdrawal programs, or portfolio rebalancing is not considered market timing.

The Fund cannot guarantee that it will detect every market timer due to the limitations inherent in their technological systems. The Fund reserves the right to modify its policies and procedures at any time without prior notice as the Fund deems necessary in their sole discretion to be in the best interests of Fund shareholders, or to comply with state or Federal legal requirements.

## **Selling Your Shares**

You may sell your shares at any time.

Your sales price will be the next NAV after your sell order is received in proper form by the Fund, its transfer agent, or your investment representative. Normally you will receive your proceeds within a week after your request is received.

## *Instructions for Selling Shares*

If selling your shares through your financial advisor or broker, ask him or her for redemption procedures. Your advisor and/or broker may have transaction minimums and/or transaction times that will affect your redemption. For all other sales transactions, follow the instructions below.

## *By Telephone*

You may redeem shares of the Fund on any 'Business Day' by calling Index Funds at 1-844-464-6339 for amounts up to \$50,000. Redemption requests for amounts greater than \$50,000 should be made in writing and will require a medallion signature guarantee (See section "Signature Guarantees"). Requests received prior to the end of regular trading on the NYSE (normally 4:00 p.m. Eastern time) you will receive a redemption amount based on that day's NAV.

The telephone redemption option will automatically be established on your account unless declined on the original account application. If you declined this option and would like to

add it at a later date, you should write to the Transfer Agent or complete an Account Option form. The Account Option form is available on our website ([www.INDEX.fund](http://www.INDEX.fund)).

## *By Mail*

You may redeem shares by mailing a written request to the Fund. You will receive a redemption amount based on the next calculated NAV after the Fund receives your written request in proper form.

Send requests by mail to:

## *U.S. Mail*

Index Funds  
P.O. Box 1920  
Denver, CO 80201

## *Overnight Mail*

Index Funds  
Attn: Transfer Agency  
1290 Broadway, Ste. 1100  
Denver, CO 80203

All requests must include:

- Fund Name, account number and account registration;
- Dollar or share amount requested; and
- Signatures of all shareholders exactly as registered.

Call the Fund or your investment professional if you need special instructions.

The Fund does not consider the US Postal Service or other independent delivery services to be their agents. Therefore, deposit in the mail or with such services, or receipt at the Index Funds' post office box, of purchase orders or redemption requests does not constitute receipt by the Fund.

## *Via Internet*

You may also redeem your shares via the Internet. Redemption proceeds will be sent to the address of record on the account or may be sent via ACH to the bank of record on the account. If you have questions or problems accessing your account, contact the Fund at 1-844-464-6339.

## *Signature Guarantees*

Your signature must be guaranteed by a financial institution which is a participant in a Medallion Signature Guarantee ("Signature Guarantee") program if:

- Your redemption will be sent to an address other than the address of record;
- Your redemption will be sent to an address of record or bank account that was changed within the last 30 days;
- Your redemption is payable to someone other than the shareholder(s) of record;
- Your redemption request exceeds \$50,000; or
- Your redemption proceeds are being sent to bank instructions not currently on your account.

A Signature Guarantee is designed to protect your account from fraud. Obtain a Signature Guarantee from a bank or trust company, savings association, credit union or broker, dealer, or securities exchange member. A notary public cannot provide a Signature Guarantee.

#### *Payment Methods for Redemptions*

Your redemption proceeds will be mailed by check to your address of record unless you have elected to establish other instructions. The following payment options are available if you complete the appropriate section of the Account Application or Account Options Form, or provide written authorization signed by all account owners.

- ACH Transfer - An electronic transfer to your account at a financial institution that is an ACH member. Payment is usually received within two to three days; or
- Wire Payment – Redemption proceeds are wired to your account at a domestic commercial bank that is a Federal Reserve System member. Any wiring fees will be deducted from your proceeds.

The Fund is not responsible for losses or fees resulting from posting delays or non-receipt of redemption payments at your bank when shareholder payment instructions are followed.

It is anticipated that the Fund will meet redemption requests through the sale of portfolio assets or from its holdings in cash or cash equivalents. The Fund may use the proceeds from the sale of portfolio assets to meet redemption requests if consistent with the management of the Fund. These redemption methods will be used regularly and may also be used in stressed or abnormal market conditions, including circumstances adversely affecting the liquidity of the Fund's investments, in which case the Fund may be more likely to be forced to sell its holdings to meet redemptions than under normal market conditions.

#### *Redemption in Kind*

Although the Fund intends to pay share redemptions in cash, they reserve the right to pay the redemption price in whole or in part by a distribution of the Fund's portfolio securities. Redemptions in kind typically are used to meet redemption requests that represent a large percentage of the Fund's net assets in order to limit the impact of a large redemption on the Fund and its remaining shareholders. Redemptions in kind may be used in normal as well as in stressed market conditions. In most situations where the Fund distributes securities to meet a redemption request, the Fund expects to distribute a pro rata slice of the Fund's portfolio securities, subject to certain limitations relating to odd-lot amounts of securities and securities subject to transfer restrictions.

#### *Limitations on Redemption Proceeds*

Redemption proceeds normally are wired or mailed within one business day after receiving a request in proper form. Payment may be delayed for up to seven days:

- To allow your purchase to clear (as discussed below);
- During periods of market volatility;

- When a shareholder's trade activity or amount adversely impacts the Fund's ability to manage its assets; or
- During any period when the Federal Reserve wire or applicable Federal Reserve banks are closed, other than customary weekend and holiday closings.

If you request a redemption of Fund shares recently purchased by check or ACH, your redemption proceeds may not be made available for up to ten calendar days to allow the Fund to collect payment on the instrument used to purchase such shares. If the purchase instrument does not clear, your purchase order will be cancelled and you will be responsible for any losses incurred by the Fund as a result of your cancelled order.

In addition, the right of redemption may be suspended, or the payment of proceeds may be delayed, during any period:

- When the NYSE is closed, other than customary weekend and holiday closings;
- When trading on the NYSE is restricted, as determined by the U.S. Securities and Exchange Commission (SEC); or
- In which an emergency exists, as determined by the SEC, so that disposal of the Fund's investments or determination of its NAV is not reasonably practicable.

You will not accrue interest or dividends on uncashed redemption checks from the Fund, including checks that are undeliverable and returned to the Fund.

#### *Redemptions from Retirement Accounts*

All redemptions from retirement accounts must be requested in writing. If your redemption is to be sent to an address other than the address on record, to an address or bank account which has been changed in the past 30 days, or the payment is to be made to an alternate payee, the redemption request must be Medallion Signature Guaranteed. A notary cannot provide a Signature Guarantee. In the absence of your specific instructions, 10% of the value of your redemption from a retirement account in the Fund may be withheld for taxes. This withholding only applies to certain types of retirement accounts.

The Fund is not responsible for losses or fees resulting from posting delays or non-receipt of redemption payments when shareholder payment instructions are followed.

#### *Redemption Fee*

The Fund charges a 0.25% redemption fee to shareholders who purchase shares and redeem shares within a 30-day period. To deter market timing, the Fund and the Adviser reserve the right to reject or restrict purchase or exchange requests from any investor. The Fund defines excessive trading as a purchase and redemption of the Fund within a 30-day period.

#### *Systematic Withdrawal/Exchange Program*

Complete the appropriate section of the Account Application or an Account Service Options Form or contact your investment professional or the Fund. Your account value must be \$25,000.

# INDEX FUNDS S&P 500® EQUAL WEIGHT

This program may reduce, and eventually deplete, your account. Payments should not be considered yield or income.

## *Additional Conditions*

### *Verification of Shareholder Transaction Statements*

You must contact the Fund in writing regarding any errors or discrepancies within 60 days after the date of the statement confirming a transaction. The Fund may deny your ability to refute a transaction if it does not hear from you within 60 days after the confirmation statement date.

### *Non-receipt of Purchase Wire/ Insufficient Funds Policy*

The Fund reserves the right to cancel a purchase if payment of the check or electronic funds transfer does not clear your bank, or if a wire is not received by settlement date. The Funds reserve the right to cancel a purchase if a check or electronic funds transfer does not clear your bank. A Fund may charge your account a \$20 fee, and you will be responsible for any losses or fees imposed by your bank and any losses that may be incurred by the Fund as a result of the canceled purchase.

### *Online Account Access*

Shareholders can opt to access their account information online. You may select this option on your account application or call 1-844-464-6339 to register. You can also set up online access through the Fund's website at [www.INDEX.fund](http://www.INDEX.fund) and select Login to Your Account to establish a user ID and password. If you have questions, or problems accessing your account, contact the Fund at 1-844-464-6339.

### *Telephone Transactions*

The Fund may record your telephone instructions and may ask to verify your social security or tax identification information. If the Fund does not follow such procedures, it may be liable for losses due to unauthorized or fraudulent telephone instructions.

### *Share Certificates*

The Fund does not issue share certificates.

### *Confirmation and Account Statement*

You will receive confirmation of purchases, redemptions and exchanges (except for systematic transactions). In addition, you will receive periodic statements reporting all account activity, including systematic transactions, dividends and capital gains paid. You may elect to receive your statements and other communications from the Fund electronically. Please see "eDelivery" below.

### *eDelivery*

eDelivery allows you to receive your quarterly account statements, transaction confirmations, year-end tax information, and other important information concerning your investment in the Fund online. Select this option on your Account Application to receive email notifications when quarterly statements and confirmations are available for you to view via secure online access. You will also receive emails whenever a new prospectus, semi-annual or annual fund report is available. To establish eDelivery, call 1-844-464-6339 or visit [www.INDEX.fund](http://www.INDEX.fund).

### *Closing of Small Accounts*

Due to the proportionately higher costs of servicing accounts with lower balances, accounts maintaining a balance under \$25,000 will be charged a \$20 maintenance fee that is imposed annually in December. If your account falls below \$1,000 for any reason, the Fund may ask you to increase your balance. If it is still below \$1,000 after 90 days, the Fund may close your account and send you the proceeds at the current NAV. If the shareholder designates an Automatic Investment Plan the \$20 annual maintenance fee is waived. If an account is closed and redeemed due to a low balance, this would constitute a taxable event for the affected shareholder, which may in turn result in a capital gain or loss for federal tax purposes.

### *Undeliverable Distribution Checks*

For any shareholder who chooses to receive distributions in cash, if distribution checks (1) are returned and marked as "undeliverable" or (2) remain un-cashed for six months, your account may be changed automatically so that all future distributions are reinvested in your account. Checks that remain un-cashed for six months will be canceled and the money reinvested in the Fund.

### *Cost Basis Information*

As of January 1, 2012, federal law requires that mutual fund companies report their shareholders' cost basis, gain/loss, and holding period to the IRS on the Fund shareholders' Consolidated Form 1099s when "covered" securities are sold. Covered securities are any regulated investment company and/or dividend reinvestment plan shares acquired on or after January 1, 2012.

The Fund has Average Cost as its standing (default) tax lot identification method for all shareholders. A tax lot identification method is the way the Fund will determine which specific shares are deemed to be sold when there are multiple purchases on different dates at differing net asset values, and the entire position is not sold at one time. The Fund's standing tax lot identification method is the method covered shares will be reported on your Consolidated Form 1099 if you do not select a specific tax lot identification method. You may choose a method different than the Fund's standing method and will be able to do so at the time of your purchase or upon the sale of covered shares. Please refer to the appropriate Internal Revenue Service regulations or consult your tax advisor with regard to your personal circumstances.

### *Other Redemption Information*

If you hold shares of the Fund in an IRA or other retirement plan, you must indicate on the redemption request whether or not to withhold federal income tax. Redemption requests failing to indicate an election not to have tax withheld will generally be subject to 10% federal income tax withholding. In addition, if you are a resident of certain states, state income tax also applies to non-Roth IRA distributions when Federal withholding applies. Please consult with your tax professional.

### *Delivery of Fund Documents*

Copies of the Fund's prospectus, SAI and shareholder reports ("Reports") are available, free of charge, on the Fund's website, [www.INDEX.fund](http://www.INDEX.fund). To reduce the Fund's expenses, you will be asked to consent to receive Reports electronically and to provide your e-mail address on the Fund's account application. Shareholders who do not elect to receive electronic copies of the Reports will receive paper copies free of charge; however, electronic delivery of the Reports is encouraged and intended to protect our shareholders by limiting the Fund's expenses and advancing conservation of natural resources.

In addition, to reduce the likelihood of our shareholders receiving duplicative mailings, the Fund intends to mail to those shareholders who have requested paper copies, only one copy of each Report to all of the shareholders having the same last name and residing at a common address. If you wish to receive separate copies of the Reports, please call 1-844-464-6339. The Fund will begin sending you individual copies thirty days after receiving your request.

### **Distribution Arrangements**

#### *Direct Distribution Arrangements*

There is no initial sales charge on purchases of shares of the Fund.

#### *Outside Distribution Arrangements*

Investors may be charged a fee if they effect transactions through a broker or agent.

*The Fund has authorized one or more brokers to receive on its behalf purchase and redemption orders.*

Such brokers are authorized to designate other intermediaries to receive purchase and redemption orders on the Fund's behalf.

The Fund will be deemed to have received a purchase or redemption order when an authorized broker or, if applicable, a broker's authorized designee, receives the order.

Customer orders will be priced at the Fund's NAV next computed after they are received by an authorized broker or the broker's authorized designee.

#### *Distribution and Shareholder Servicing Arrangements—Revenue Sharing*

The Adviser and/or their affiliates may pay out of their own assets compensation to broker-dealers and other persons for the sale and distribution of the Shares and/or for the servicing of the Shares.

### **Dividends, Distributions and Taxes**

#### *Dividends and Distributions*

All dividends and distributions will be automatically reinvested unless you request otherwise. The Fund intends to distribute income and capital gains at least annually. The Fund may make additional distributions and dividends at other times if the Adviser believes doing so may be necessary for the Fund to avoid or reduce taxes.

The following information related to tax matters is meant as a general summary for U.S. taxpayers. Please see the SAI for more information.

#### *Taxes*

The Fund intends to distribute all or substantially all of its net investment income and net capital gain in accordance with the timing requirements imposed by the Internal Revenue Code of 1986, as amended (the "Code") and therefore should not be required to pay any federal income or excise taxes. Both distributions will be reinvested in shares of the Fund unless you elect to receive cash. Dividends from net investment income (including any excess of net short-term capital gain over net long-term capital loss) are taxable to investors as ordinary income or qualified dividend income, while distributions of net capital gain (the excess of net long-term capital gain over net short-term capital loss) are generally taxable as long-term capital gain, regardless of your holding period for the shares. Any dividends or capital gain distributions you receive from the Fund will normally be taxable to you when made, regardless of whether you reinvest dividends or capital gain distributions or receive them in cash.

The Fund expects that, as a result of its investment objectives and strategies, its distributions will consist primarily of short-term capital gains, which are taxable as ordinary income. A portion of the ordinary income dividends paid to you by the Fund may be qualified dividends eligible for taxation at long-term capital gain rates. Certain dividends or distributions declared in October, November or December will be taxed to shareholders as if received in December if they are paid during the following January. Each year the Fund will inform you of the amount and type of your distributions. IRAs and other qualified retirement plans are exempt from federal income taxation.

Your redemptions, including exchanges, may result in a capital gain or loss for federal tax purposes. A capital gain or loss on your investment is the difference between the cost of your shares, including any sales charges, and the amount you receive when you sell them. If the Fund were to permit exchanges in the future, those will be treated as a sale of the Fund's shares and any gain on the transaction may be subject to federal income tax.

There is no assurance that the Internal Revenue Service will not challenge the Fund's status as a regulated investment company, or that, if it were to do so, it would not prevail. If the Fund were to fail to qualify as a regulated investment company in any year, then the Fund would be subject to federal income tax on its net income and capital gains at regular corporate income tax rates (without a deduction for distributions to shareholders). When distributed, that income would also be taxable to shareholders as an ordinary dividend to the extent attributable to the Fund's earnings and profits. If the Fund were to fail to qualify as a regulated investment company and became subject to federal income tax, any shareholder would be subject to the risk of diminished investment returns.

On the account application, you will be asked to certify that your social security number or taxpayer identification number

## INDEX FUNDS S&P 500® EQUAL WEIGHT

---

is correct and that you are not subject to backup withholding for failing to report income to the IRS. If you are subject to backup withholding or you did not certify your taxpayer identification number, the IRS requires the Fund to withhold a percentage of any dividend and redemption or exchange proceeds. The Fund reserves the right to reject any application that does not include a certified social security or taxpayer identification number.

### *Surtax On Net Investment Income*

A surtax of 3.8% applies to net investment income of an individual taxpayer who recognizes adjusted gross income in excess of a threshold amount for a year. Net investment income will include, among other types of income, ordinary income, dividend income and capital gain derived from investments in the Fund.

### *Foreign Accounts*

Shareholders that invest in the Fund through foreign accounts may be subject to a 30% withholding tax on: (1) income dividends paid by the Fund, and (2) certain capital gain distributions and the proceeds of a sale of Fund shares paid after December 31, 2016. This withholding tax generally may be avoided if the shareholder satisfies certain registration, certification and reporting requirements.

### *Backup Withholding*

The Fund is also required in certain circumstances to apply backup withholding on taxable dividends, redemption proceeds and certain other payments that are paid to any shareholder who does not furnish to the Fund certain information and certifications or who is otherwise subject to backup withholding. The backup withholding tax rate is 28%. Any amounts withheld may be credited against your U.S. federal income tax liability. To avoid this, make sure you provide your correct Tax Identification Number (Social Security Number for most investors) on your account application.

This summary is not intended to be and should not be construed to be legal or tax advice to any current holder of the Fund's shares. You should consult your own tax advisors to determine the tax consequences of owning Fund shares.

## FINANCIAL HIGHLIGHTS

The financial highlights table is intended to help you understand the Fund's financial performance since commencement of the Fund's operations. Certain information reflects financial results for a single fund share. The total returns in the table represent the rate that an investor would have earned an investment in the fund assuming reinvestment of all dividends and distributions. This information has been audited by Cohen & Company, Ltd., the Fund's independent registered public accounting firm, whose report, along with the Fund's financial statements, are included in the annual report which is available upon request.
